THE VINTAGE

LAMINATE

Raw Beauty!

Think of visiting your grandmother, snuggled in comfortable furniture. Think of your childhood, when you were playing with your favourite toy car on the old and worn wood flooring. Think of the wax smell. Think of the texture under your feet: often informal, even imperfect. Think how peaceful you were: The world was yours. Today it is yours. You have grown up. You have established yourself economically. But in this rapidly changing world that offers increasingly fewer orientation points and in which fear of the future is constantly growing, you are feeling overwhelmed by nostalgia. You want that casual, homey sensation back. After all, the vision of the future is a reflection of the past. **Listen to the appeal of the Vintage. Discover Tarkett® Vintage flooring.**

Welcome to Tarkett Laminate decoration world. Because each décor conveys an emotion, it says something about who you are and what you believe in. Each flooring will echo your personality. It will answer your need for originality and identity. **Tarkett Laminate flooring, reveal yourself.**

Stand apart outstanding exquisite Awaken your senses

Inspired by Nature, made by Tarkett.

Mother Nature has endowed us with all her marvels, giving us pleasure from the outline, delight from the color, comfort from the texture. With its delicate textures and subtle finish Tarkett® gives thanks to Nature by bringing laminate to an unprecedented level of style, fineness & realism – not forgetting the extra qualities that make it today's best choice.

Weathered. Aged flooring

Uneven. Man's skill.

Thrilling. Savoury colour variation.

With Legacy, Tarkett® pays tribute to centuries-old techniques and praises the artistry of handcrafted material. With Legacy, create the most unique hand-made laminate flooring.

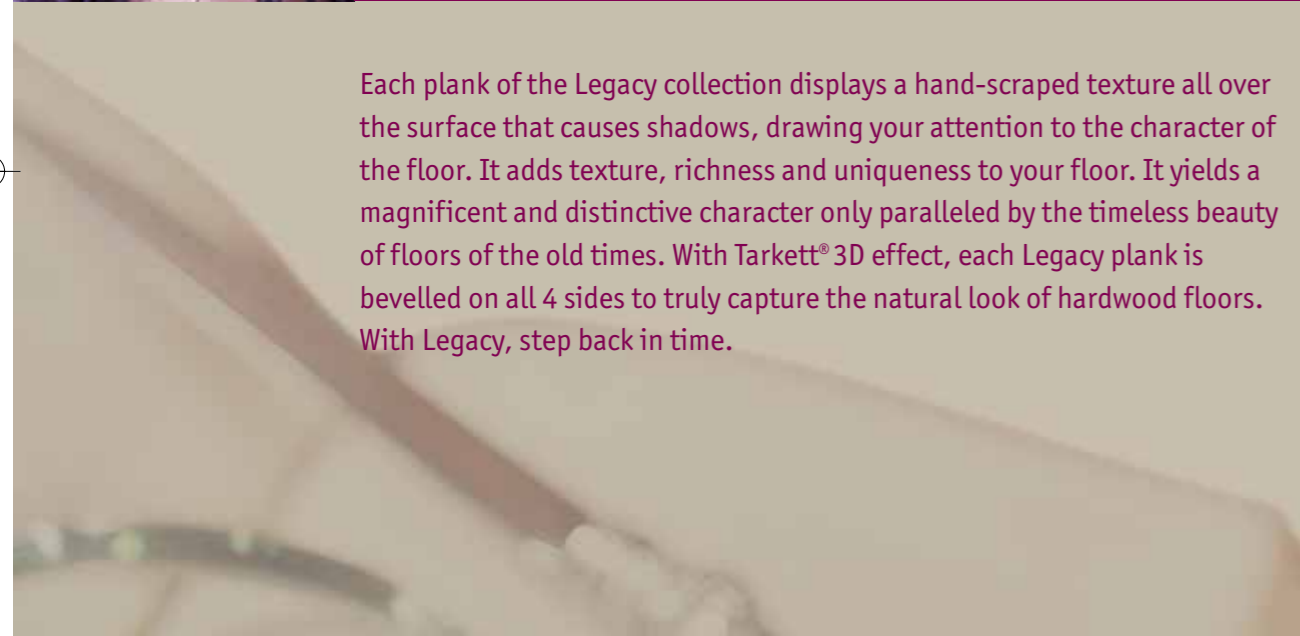

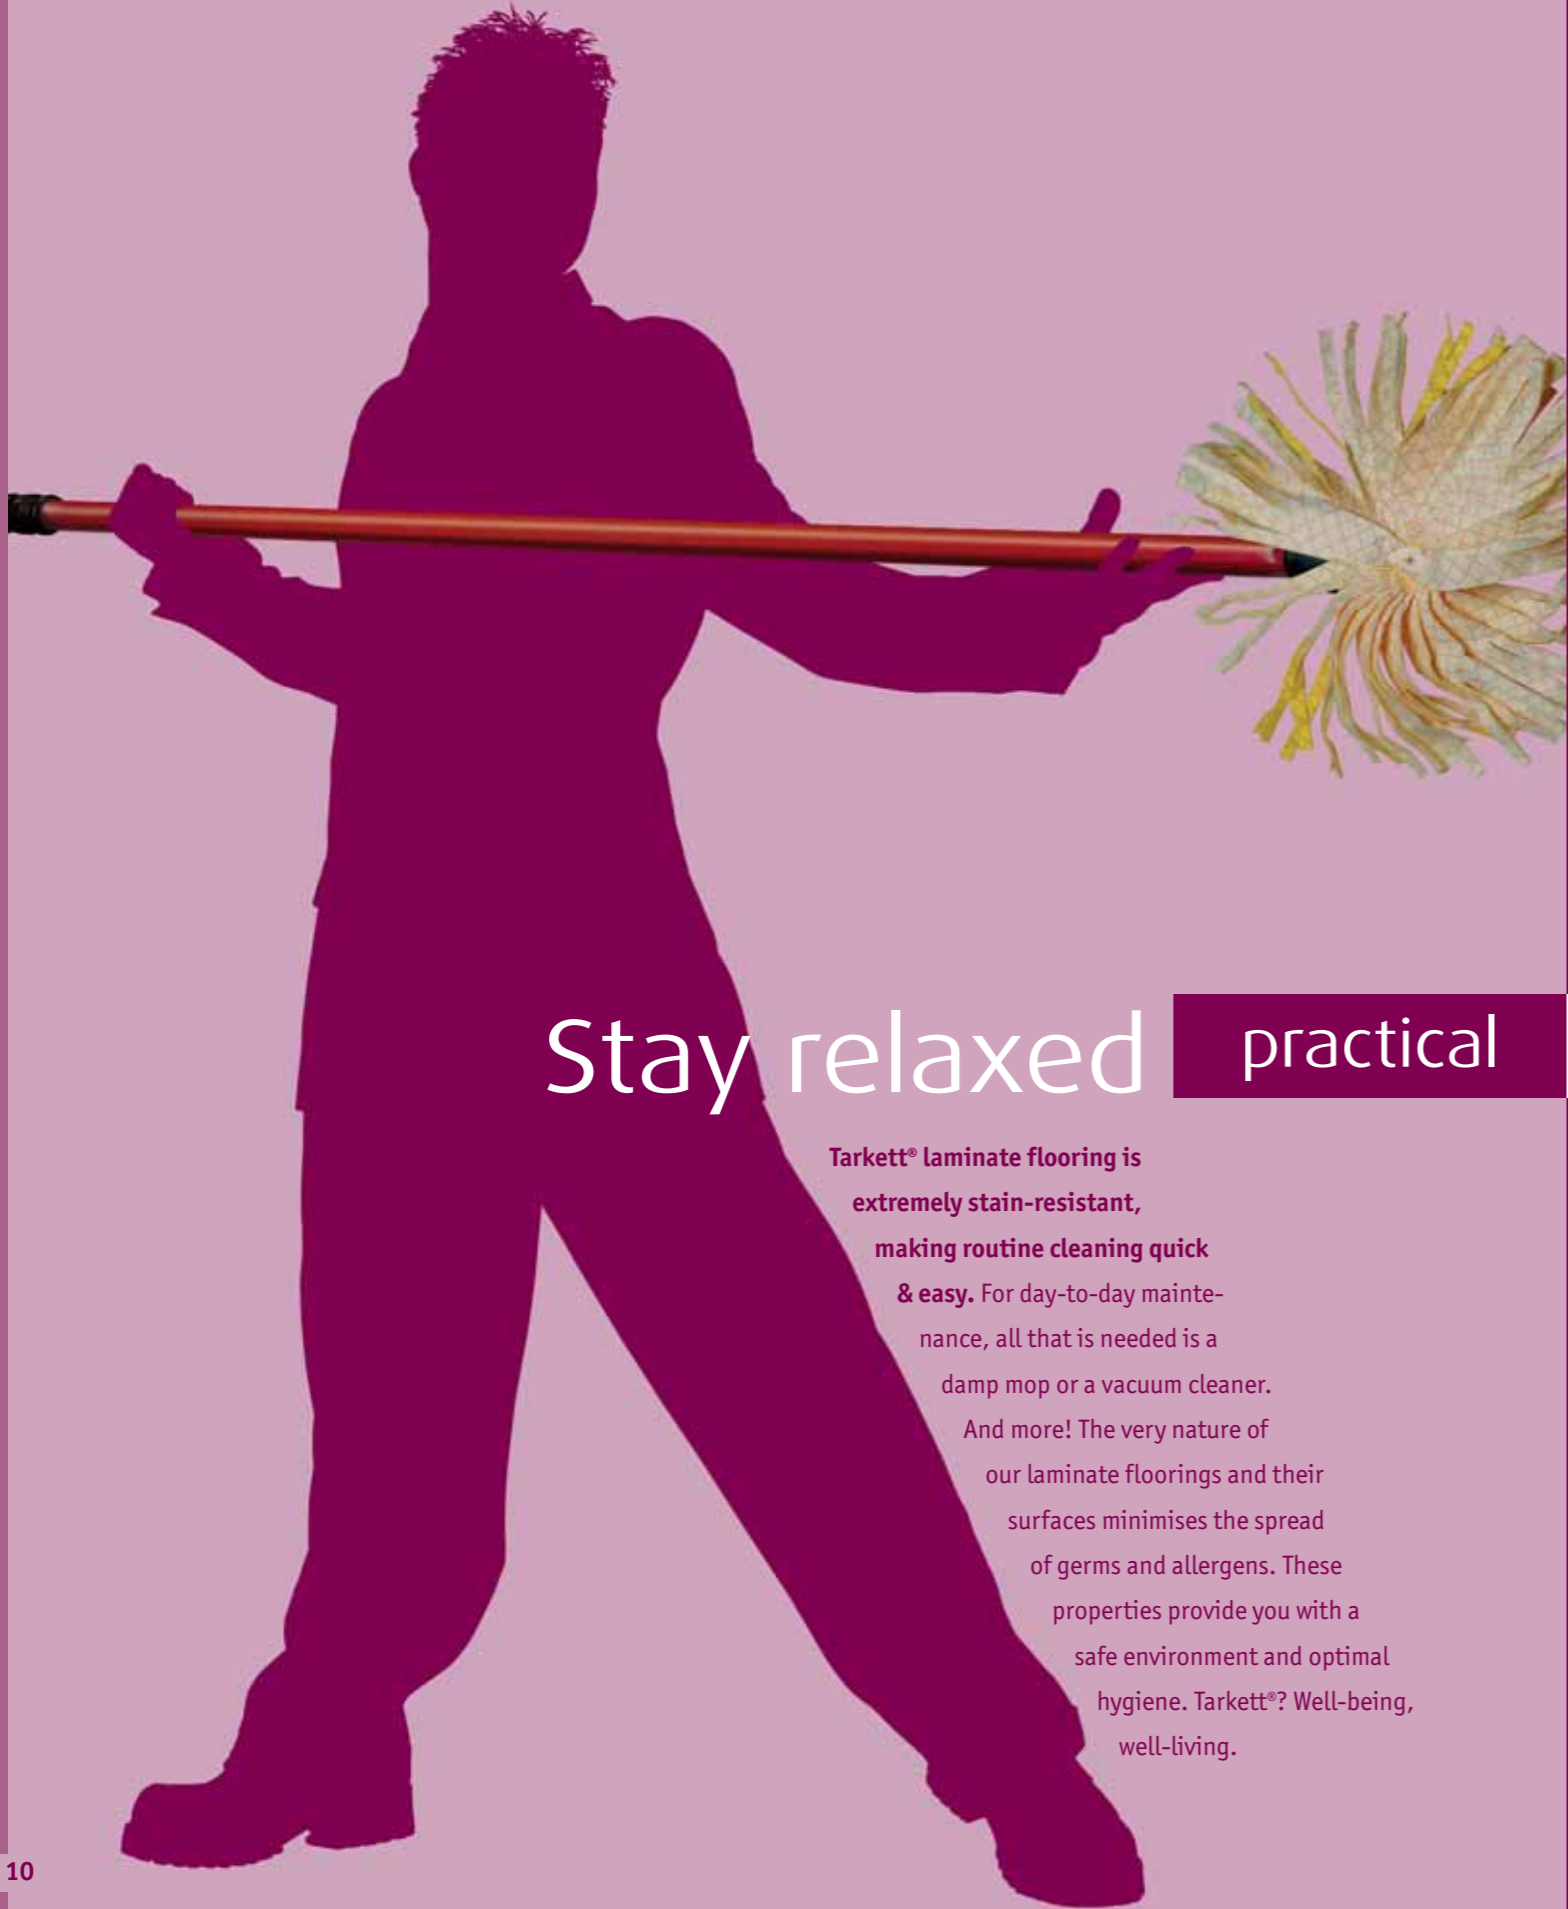

Legacy Colonial Sugar Maple

Legacy. Handcrafted Laminate.

Each plank of the Legacy collection displays a hand-scraped texture all over the surface that causes shadows, drawing your attention to the character of the floor. It adds texture, richness and uniqueness to your floor. It yields a magnificent and distinctive character only paralleled by the timeless beauty of floors of the old times. With Tarkett® 3D effect, each Legacy plank is bevelled on all 4 sides to truly capture the natural look of hardwood floors. With Legacy, step back in time.

simple

Take

it easy

Tarkett® laminate flooring is extremely stain-resistant, making routine cleaning quick & easy. For day-to-day maintenance, all that is needed is a damp mop or a vacuum cleaner. And more! The very nature of our laminate floorings and their surfaces minimises the spread of germs and allergens. These properties provide you with a safe environment and optimal hygiene. Tarkett®? Well-being, well-living.

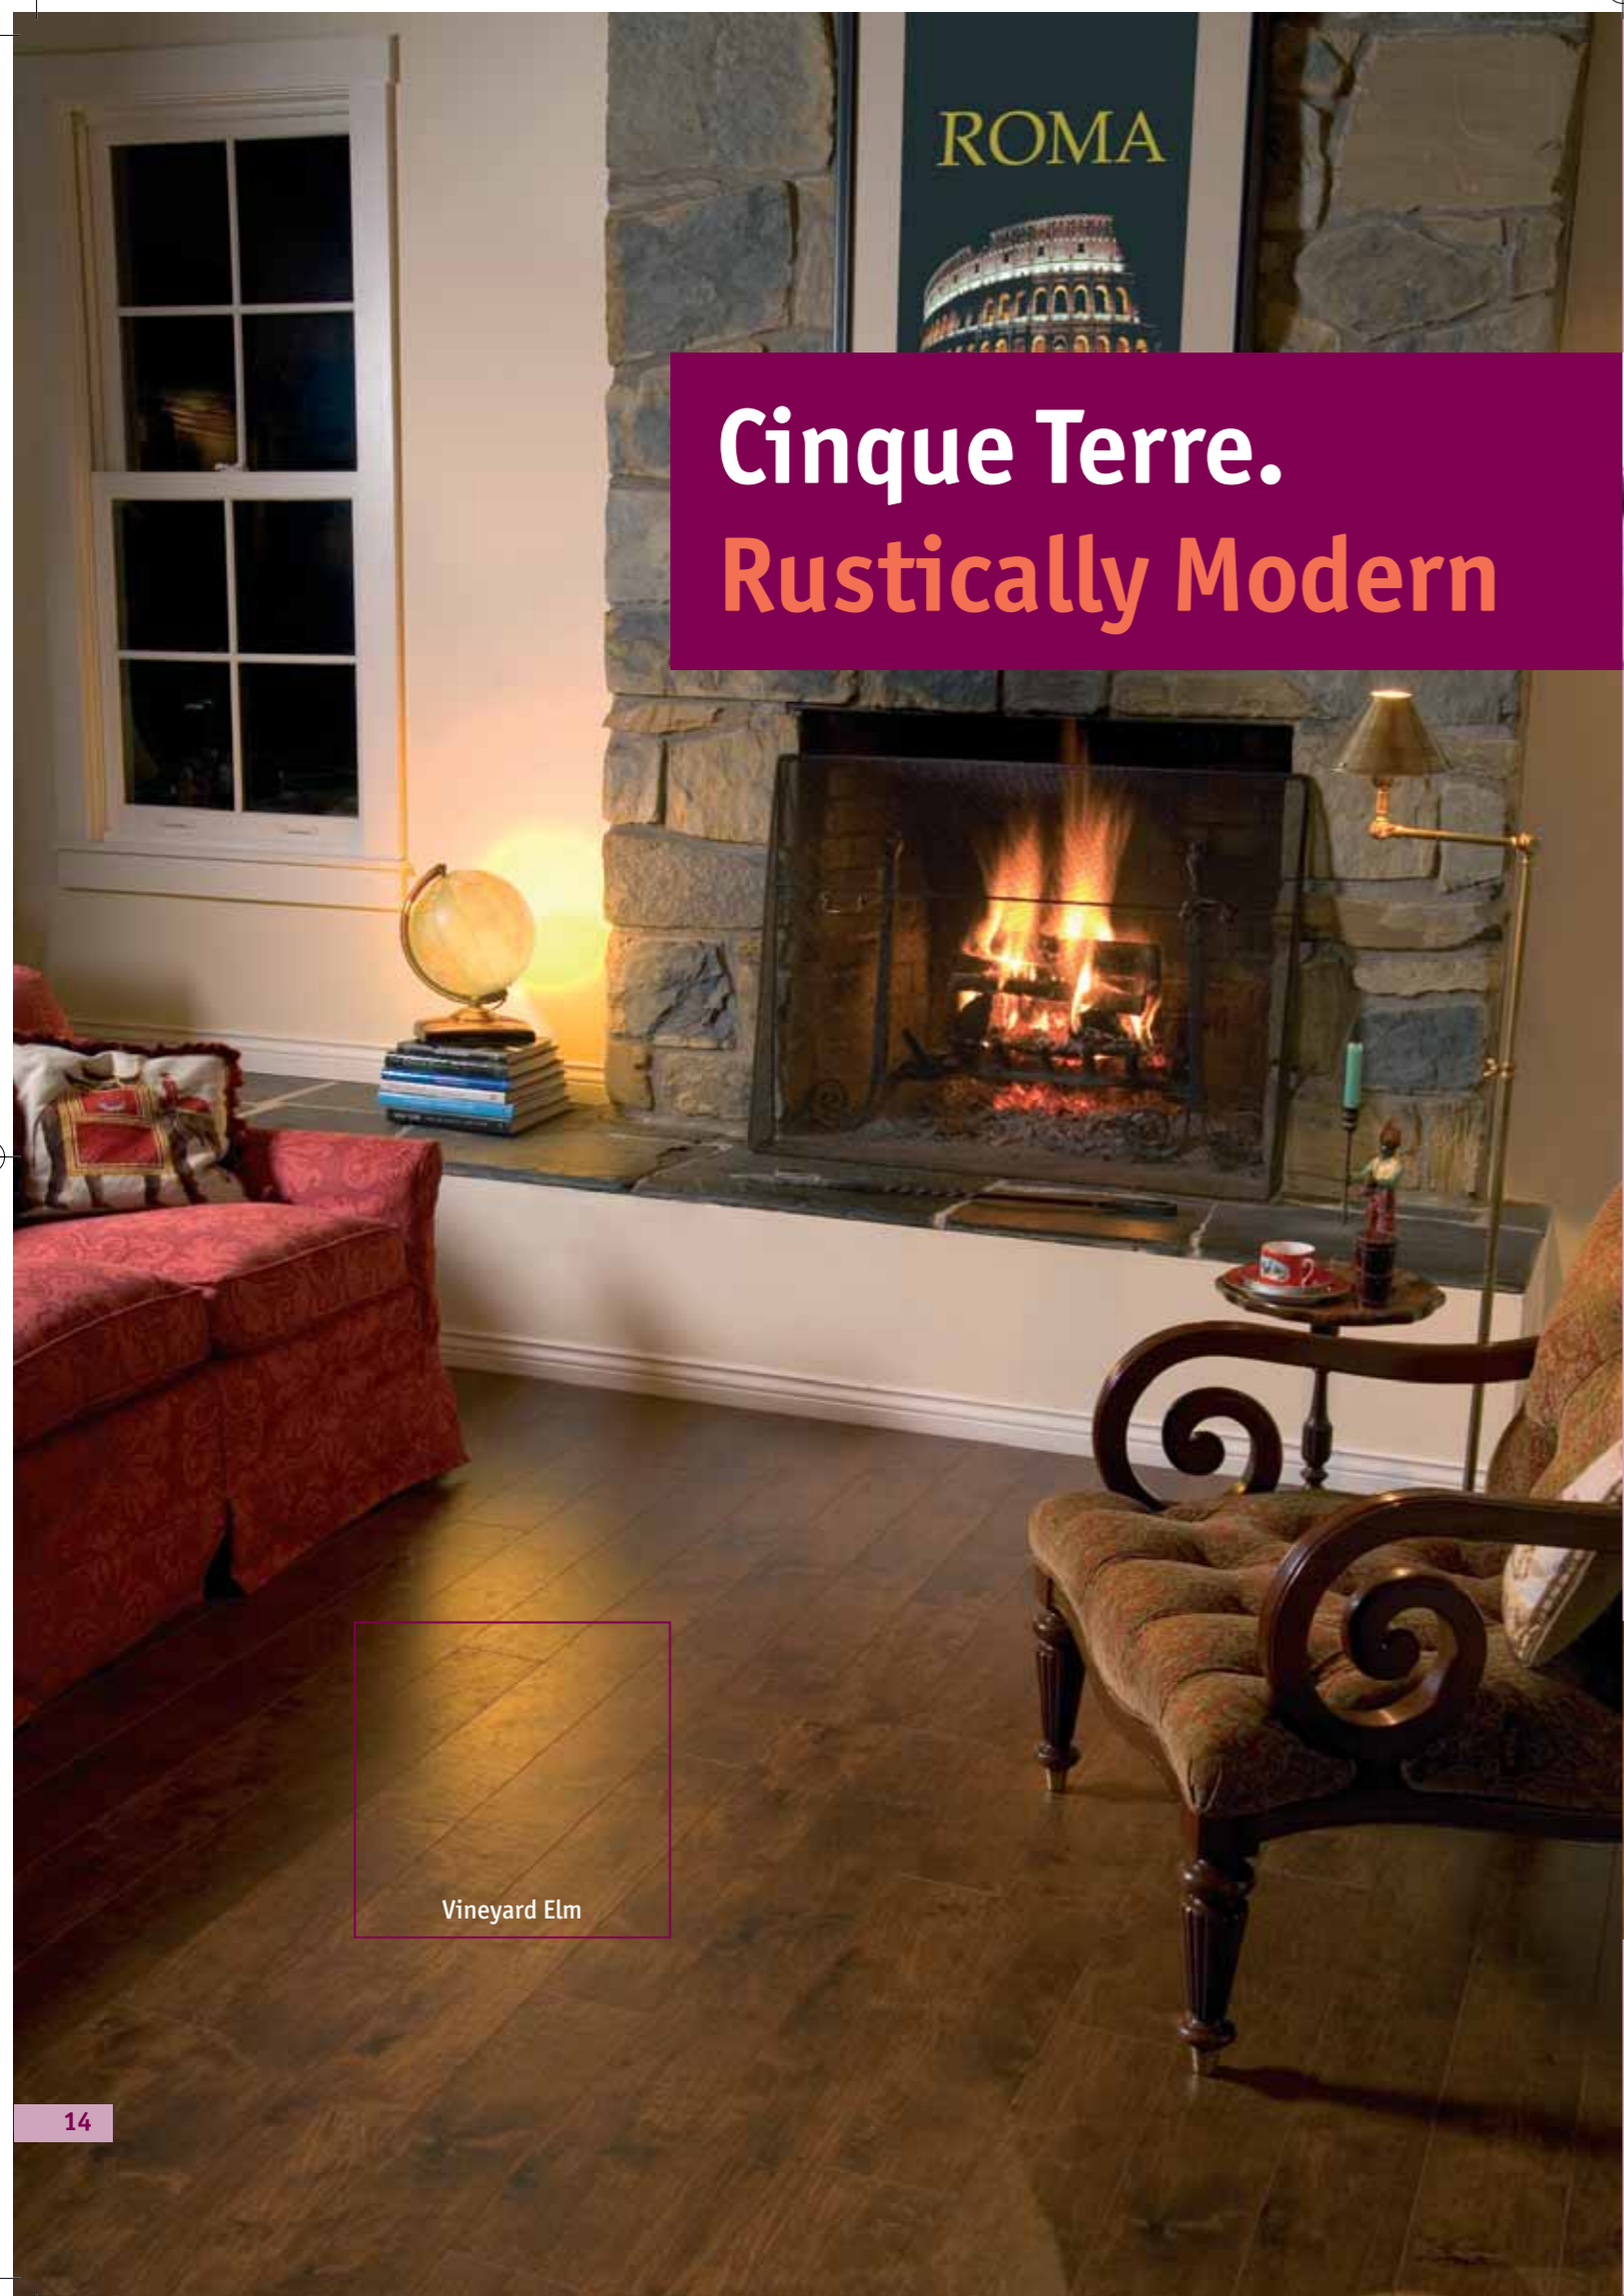

Tarkett®'s X'traloc system lets you simply lay down the planks & click together. Anyone can do it. Anywhere. X'traLoc by Tarkett®, it's fast and it lasts!

Tarkett® Cinque Terre invites you to share an idealized vision of the countryside. Crumbling stone walls, sun-washed colours, sturdy stone houses: Tarkett® Cinque Terre incorporates these elements into each plank, each design. More than simple flooring, it is an atmosphere.

Cinque Terre. Rustically Modern

Vineyard Elm

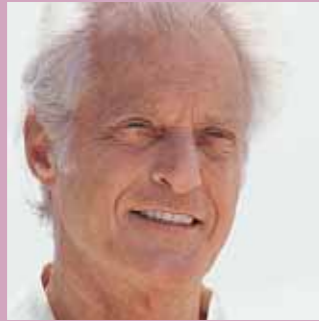

Its collection of designs enlightens the mood and brings instant harmony. Coming in mini planks that are 5 inches wide, each plank brings unaffected charm to your home. The stone-scraped finish exudes the beauty of nature and displays the natural coarse texture of stone. No plank looks new. And more: slightly bevelled on all 4 sides, each plank brings an interesting detail to the flooring. An interesting perspective. Rustic, warm, and inviting, Cinque Terre has an enduring quality about it. Just as if someone had worked on your flooring ages ago, Tarkett® Cinque Terre will stand the test of time. Cinque Terre? Genuinely inspirational.

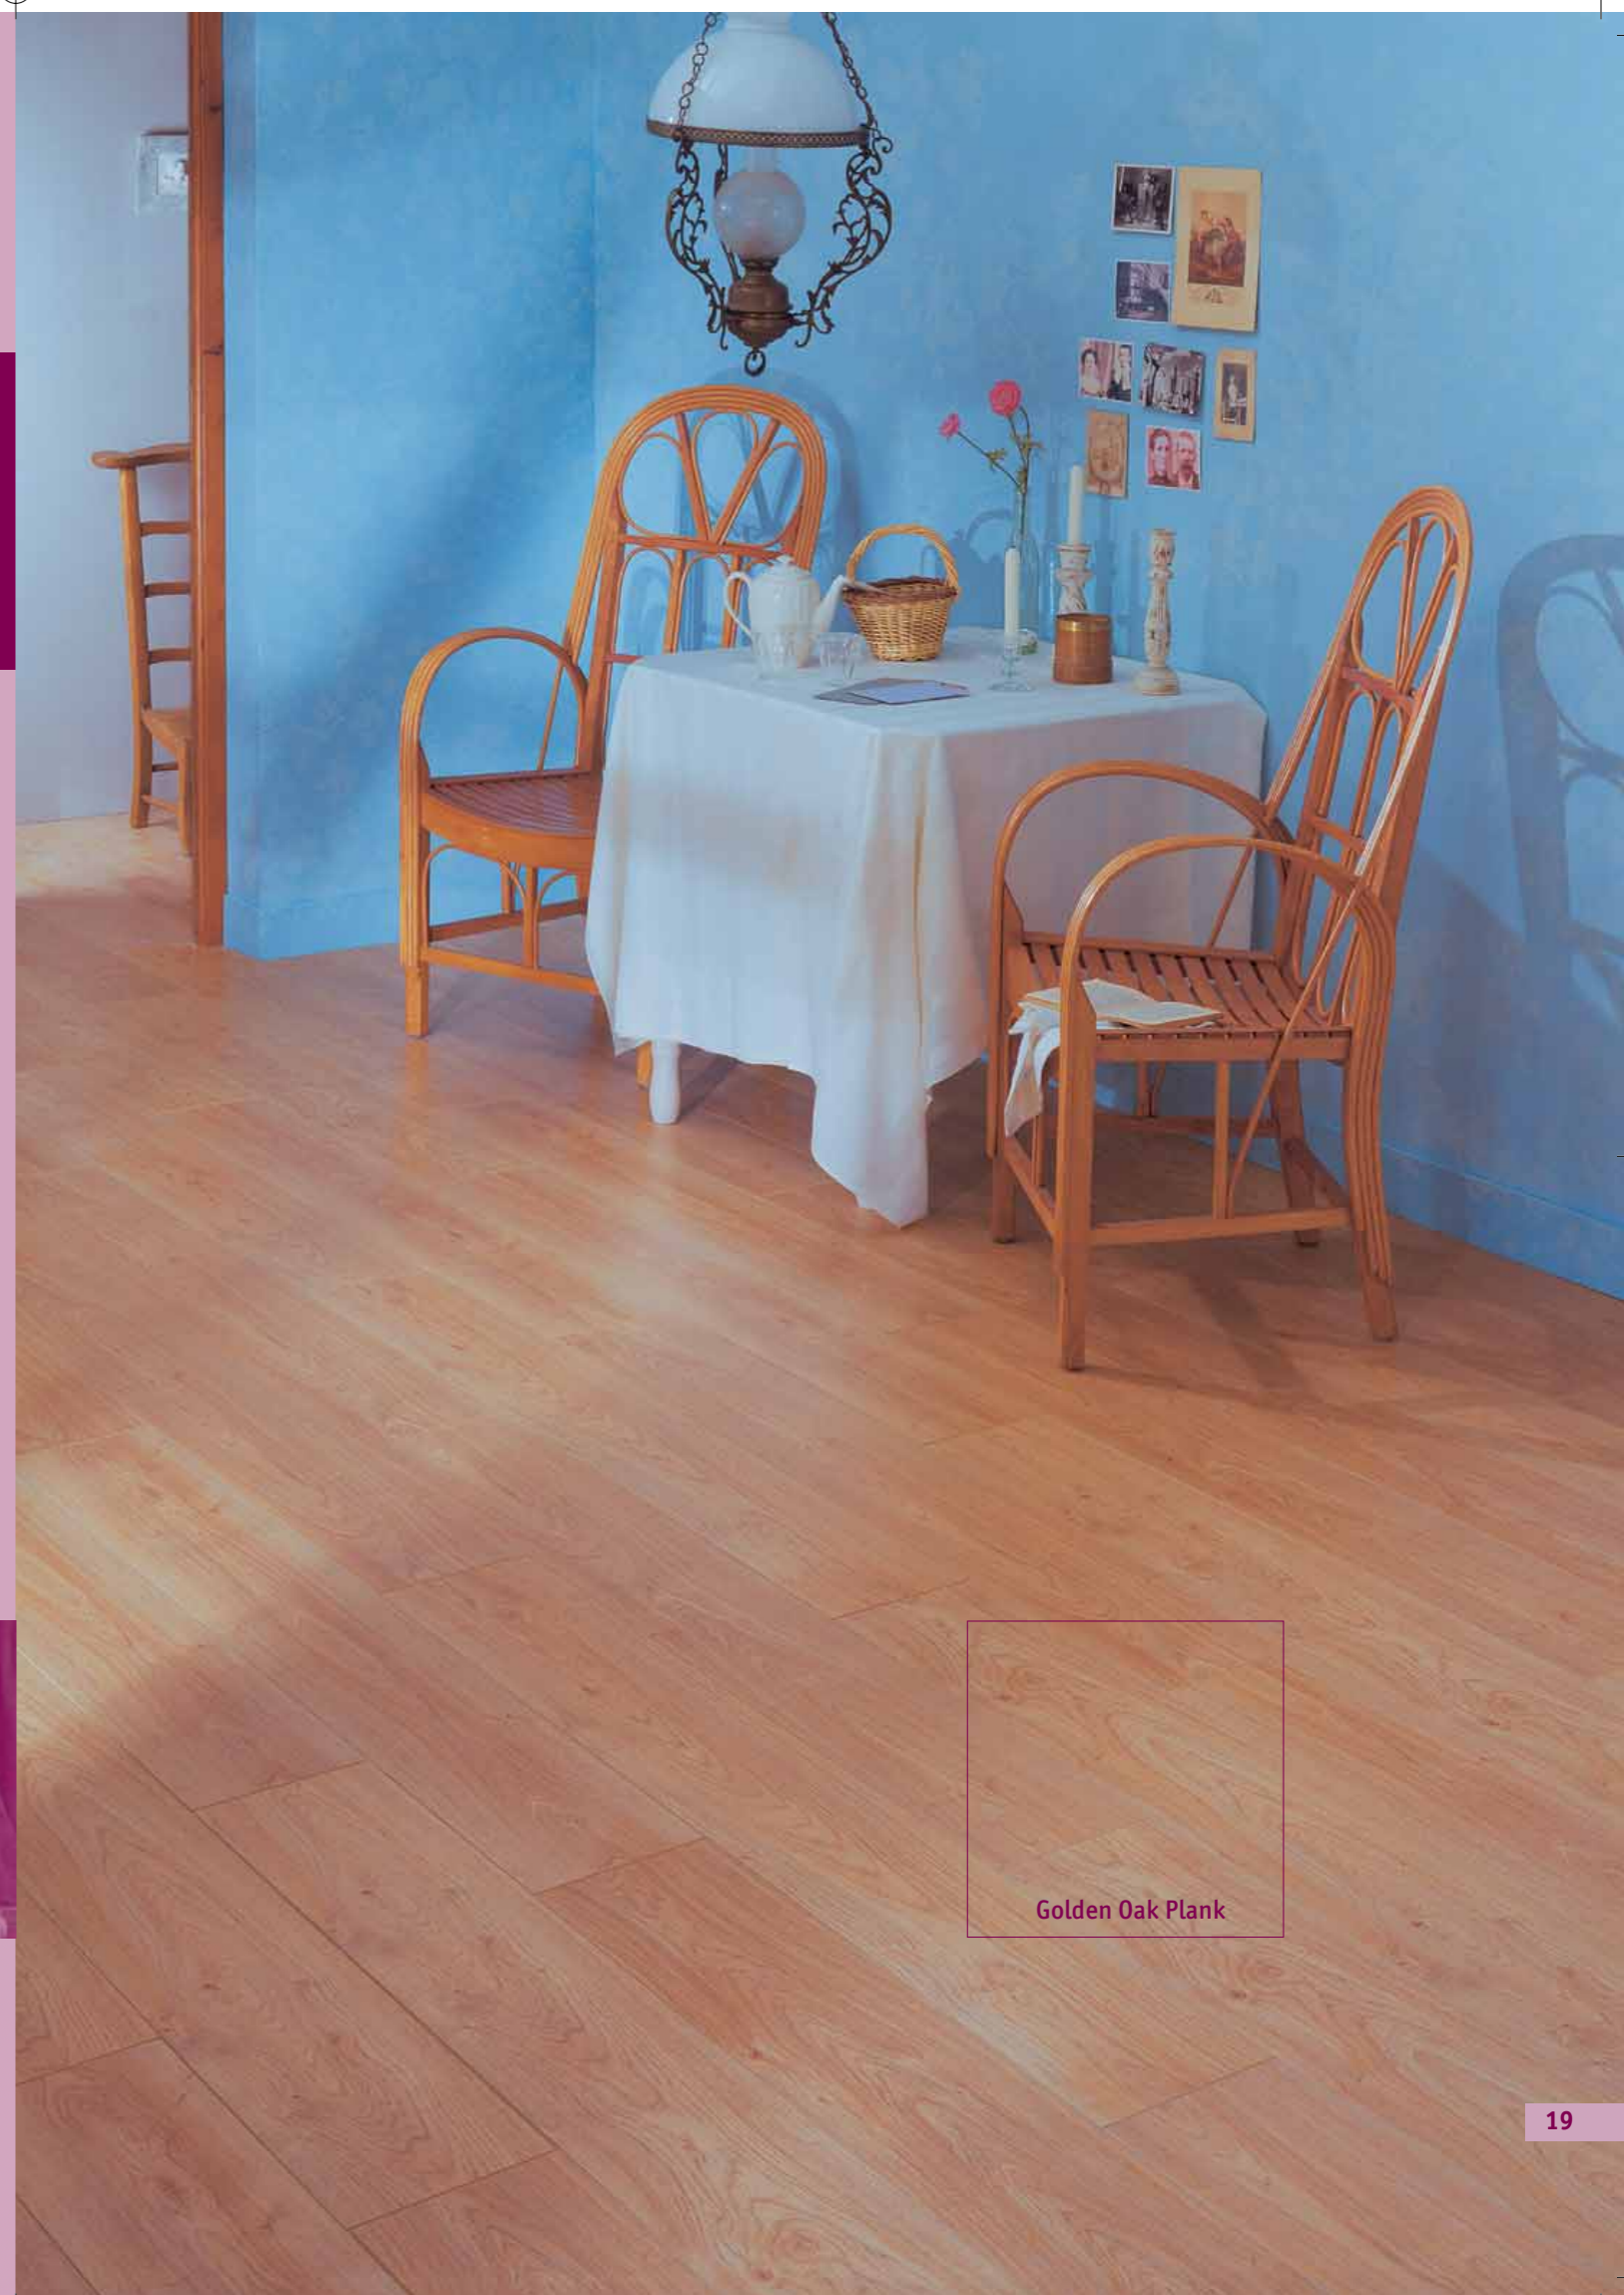

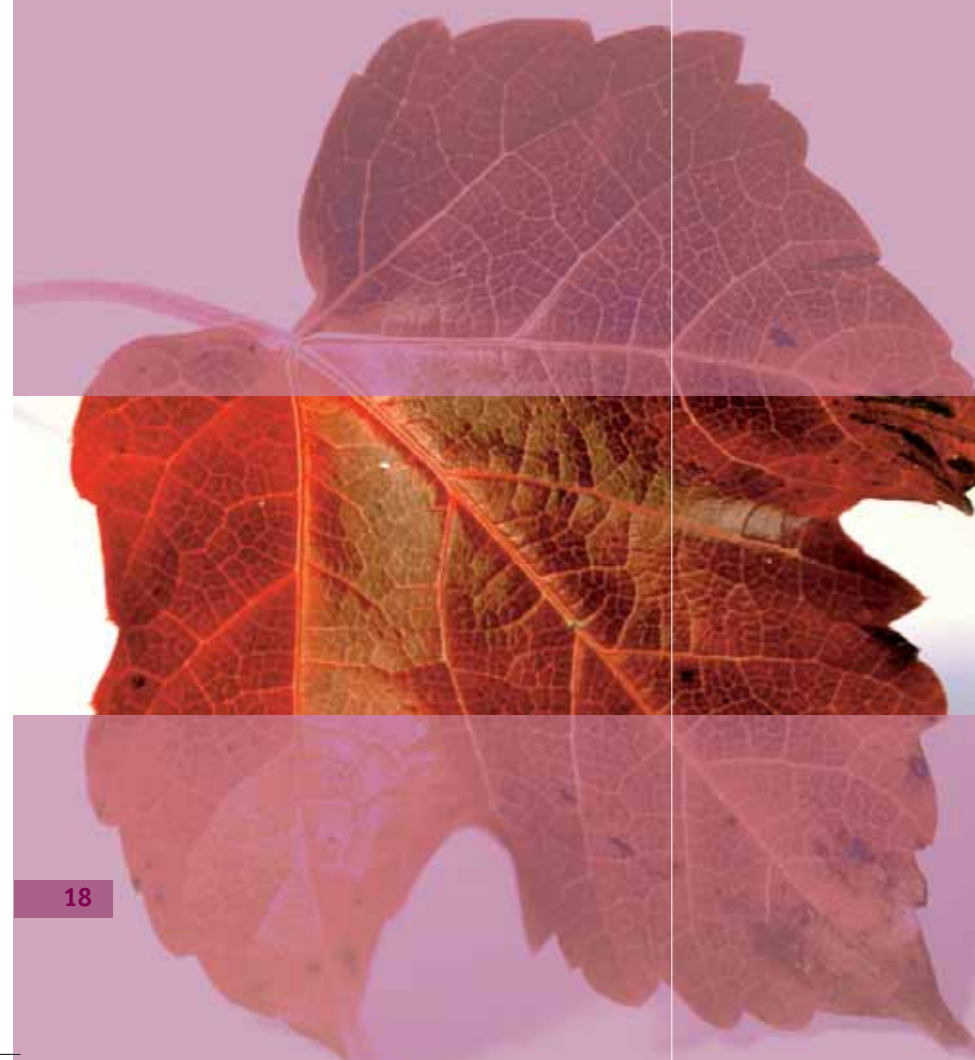

Often informal, even imperfect, the **Origins collection** gives the illusion of age. Origins balances elegance with the pastoral atmosphere rendered by the old and worn. When installed, the bevelling on the sides of the planks creates the look of genuine rustic wood flooring.

Origins. Rooted in History

Walk on it barefoot & feel Origins highly textured surface. Together with a bevelling on the 4 sides, the Country finish of the Origins distressed designs adds charisma to any style. For the beauty of aged floors. Tarkett® Origins? Comfortably used and lived-on laminate.
